

## License Addition: English as a Second Language

The State of Indiana has authorized Indiana University School of Education to offer License Additions in selected areas. To earn an additional teaching area in English as a Second Language, students must apply to the program to be enrolled. This program is only available to teachers who have completed an initial license or teacher candidates who are in the process of completing an initial license in a recognized Teacher Education Program.

**In most cases it may not be possible to complete this license addition as part of the four year undergraduate degree program. Students should check with the department to see when these courses are generally offered.**
