

Provost Roundtable

The Provost Roundtable is a new student advisory group. Its mission is to bring together student leaders representing different academic units (such as the Kelley school, SPEA, COAS, Music, etc.). The groups' purpose will be to act in an advisory capacity to the Provost regarding issues and concerns particular to students, with a main focus on academic issues. The Roundtable will also act as a unifying force. It will bring together and increase collaboration among students of different school affiliations, - promote the spirit of one, unified IU.
