Paul E. Klinge Scholarships
2013 Competition

This scholarship is made available by the gifts of many friends of Professor Paul Klinge, a former Indiana University faculty member and administrator. Professor Klinge served as Assistant to The President in the administrations of several Presidents, including President Herman B Wells.

Prof Klinge, previously a high school biology teacher, had a keen interest in furthering the career preparation of students planning to become science teachers and of those entering other science careers. For many years he directed programs at Indiana University dedicated to helping students as they explored science career opportunities.

The following three scholarship competitions are offered in Professor Klinge’s memory.

**For Undergraduates Planning To Be Science Teachers**

**Eligibility:** Recipients must have completed their Sophomore Year, and have committed to a career in science teaching. Scholarship recipients must be planning to enter either their Junior or Senior Year at Indiana University, Bloomington, in the Fall Semester 2013, and must be maintaining at least a cumulative Indiana University GPA of 3.5 in all classes taken at the time of application. Awardees will be selected based upon academic and professional recommendation criteria. Financial need will become a selection factor only in the event of a tie with another finalist. The receipt of a Klinge Scholarship last year will not disqualify the recipient from being eligible to receive a second-year scholarship.

**Number, Size and Purpose of Awards:** Normally, more than one scholarship will be awarded. The size may vary, but normally will be between two and four thousand dollars. Awards may be used for tuition, books, and room and board, at the recipient’s discretion.

**Deadline:** February 15, 2013. Applications received after this date will not be considered.

**For Undergraduates Entering Other Scientific Careers**

**Eligibility:** Recipients must have completed their Sophomore Year, and have committed to a career in the sciences. This includes the biomedical sciences. Scholarship recipients must be planning to enter either their Junior or Senior Year at Indiana University, Bloomington, in the Fall Semester 2013, and must be maintaining at least a cumulative Indiana University GPA of 3.5 in all classes taken at the time of application. Awardees will be selected based upon academic and professional recommendation criteria. Financial need will become a factor only in the event of a tie with another finalist. The receipt of a Klinge Scholarship last year will not disqualify the recipient from being eligible to receive a second-year scholarship.

**Number, Size and Purpose of Awards:** Normally, more than one scholarship will be awarded. The size may vary, but normally will be between two and four thousand dollars. Awards may be used for tuition, books, and room and board, at the recipient’s discretion.

**Deadline:** February 15, 2013. Applications received after this date will not be considered.
For Transition To Science Teaching (T-to-T) Students

Eligibility: Any person who is committed to enter the science teaching profession, and has been accepted into the Transition to Teaching (T-to-T) Program through the Indiana University School of Education, Bloomington, is eligible to apply. Applicants must be planning to enroll in the T-to-T Cohort. Criteria to be used in the selection process will include academic purpose, previous academic and professional experience and achievement, recommendations and financial need.

Size and Purpose of Awards: The size may vary, but will normally be between two and four thousand dollars. Awards will be deposited directly to the Bursar in two allotments; one for the fall semester and one for the spring semester.

Deadline: February 15, 2013. Applications received after this date will not be considered.

***

Application Material and Procedure: Application material for each of the above competitions can be obtained from the Undergraduate Recruitment and Professional Community Office, Indiana University School of Education, Bloomington. Requests may be made by calling 812-856-8578, or by e-mail at kpaulin@indiana.edu. Application materials must be submitted to: Katie Paulin, Indiana University School of Education, Undergraduate Recruitment and Professional Community, Suite 1000, 201 North Rose Avenue, Bloomington, Indiana 47405-1006.

Applications received after February 15, 2013, will not be considered.
