Greetings from the new HESA program chair!

This is an exciting time for the program as we are searching for two additional faculty members to join the HESA family. One will be located in Indianapolis and one in Bloomington. We have received many applications from some very strong candidates. The search committee, co-chaired by Vasti Torres and Robin Hughes, is in the middle of reviewing applicant materials and narrowing the field. We look forward to bringing several candidates to campus. Look for updates on the search and opportunities to interact with the candidates in the near future. Many thanks to the search committee for their important work shaping the future of our program!

-Tom Nelson Laird, Ph.D.
