Official Degree Name: Learning & Developmental Sciences PhD (minor)

Official Sub-Plan Name: Learning Sciences Specialization (minor)

Overview of degree:
Summary paragraphs of degree and general overview of requirements

The minor must have integrity in its own right and must complement the major. The minor field must demonstrate wholeness within itself and contribute to the student's overall doctoral program. The Minor in Learning Sciences is a 12 credit hour minor designed to meet the needs of PhD students in all areas of the IU School of Education and other degrees on campus. The courses below represent the suggested framework for LS Minors and LS faculty to develop a minor that meets the goals of the student. There is no qualifying examination for the Learning Sciences minor.

Degree Requirements:

**Major Requirements**

(12 credits)
