**Subject:** FDC request for policy 14.39

Hi Maria,

Can you forward this request to the appropriate committee for review? The Faculty Development Committee would like to propose that we sunset the policy [14.39 Guidelines for Grades in Graduate Education Courses](#). The [SoE Graduate Bulletin's policy about grading](#) makes policy 14.39 unnecessary as the bulletin guidelines are clearer, more practical to use, and are better aligned with what we believe the policy language should say. We feel that the redundant 14.39 does not provide any additional or useful guidance.

FDC co-chairs,

Allison BrckaLorenz & Sylvia Martinez
