

Update to Collaborative Programs Coding for Graduate Studies Committee 2.8.2022

Hybrid to 80-99% Online Update

Two previously approved programs have been updated from hybrid (up to 79% online) to Online 80-99%. This change of coding occurred within the OCAP (Office of Collaborative Programs) approval and does not impact tuition rates. It does create a floor and a ceiling on the amount of coursework that must be offered online. While still considered online this is distinct from other 100% Online programs.

- Ed.S. in School Psychology approved by Policy Council November 17, 2021
- Graduate Certificate in Alcohol and Drug Counseling approved by Policy Council September 16, 2020
