New Courses

S555 Diversity and the Communities of All Learners  1-3 credit hrs  BL/IUPUI
This class explores issues related to teaching all learners in increasingly complex secondary schools. It draws on anthropology to understand diversity across culture, sociology to examine the social complexities of pluralistic societies, special education to address the individualize student needs. The course emphasizes educational practice and communities of learners.

W301 Integrating Technology into Teaching – Part I  1 credit hr  BL/IUPUI
This course is designed to provide the student with skills and experiences that will allow for effective and appropriate integration of technology into teaching and learning activities. In this course, the focus will be on reviewing current models of effective technology integration, surveying available technology in schools, and developing classroom lessons and activities.

W401 Integrating Technology into Teaching – Part II 1 credit hr  BL/IUPUI
This online course is designed to provide the student with skills and experiences that will allow for effective and appropriate integration of technology into teaching and learning activities. Students will have the opportunity to implement and evaluate a technology-integrated classroom activity in an advanced field experience.

M421 Methods of Teaching Junior/Middle High School Social Studies 3 cr hrs  BL/IUPUI
Develops concepts and theories from social science, humanities, and education into practices of successful social studies instruction. Integrates social issues and reflective thinking skills into the social studies curriculum. Emphasis on curriculum development skills and building a repertoire of teaching strategies appropriate for middle/secondary school learners.

M428 Inquiry into Secondary English Methods: Middle School variable 1 – 5 cr  BL/IUPUI
This course focuses on working in a “real world” middle school classroom, that involves inquiry around reading, writing, speaking discussing, viewing and listening for authentic purposes. We will develop, demonstrate, and critique lessons and instructional units based on models presented in class readings and critiques.

M416 Inquiry into Secondary English Methods: High School variable 1 – 5 cr  BL/IUPUI
Study of current trends, issues, theory and research in teaching and learning English/Language Arts. Explores language, composition, literature, and media arts, developing multicultural curricula, and engaging students in meaningful inquiry facilitating student’s responsibility for themselves and their world.
W590  Independent Study in Computer Education  variable 1 – 6  IU-System
Individual study or research for students exploring issues in educational technology. To
be arranged with a technology faculty member in advance of registration. A one- or two-
page written proposal should be submitted to the instructor during the first week of the
term specifying the scope of the project, project activities, meeting times, completion
date, and student product(s). Ordinarily W590 will not be used for the study of material
taught in a regularly scheduled course.

Course Change Requests

W201  Beginning Technology Skills  1 credit hr  BL/IUPUI
This course brings the student to a technology skill level that meets minimum level
competencies with technology, including basic functionality with operating systems, file
management, email, word processing, presentation software, and hardware operation.
This course is graded pass/fail after completion of standardized assessment

Justification: Course being adjusted to meet current technology and programmatic
changes.
