**Recommendations for Future Action (please provide a bulleted list):** There are two major recommendations for continued action: (1) Continue to work on a revised strategic plan based on feedback from the SOE faculty retreat, and (2) examine recommendations for revision of School of Education standing committees.

**Other comments:** This year, the LRP committee spent a great deal of time discussing the previous School of Education strategic plans, and assisting with the planning for the Spring 2022 (2/25) virtual faculty retreat. Information that we have obtained from faculty participating in the retreat this past February will be used to assist us with the development of a new strategic plan.
