Meeting Dates (10): September 11, 2018, October 9, 2018, November 6, 2018, December 4, 2018, January 8, 2019, February 5, 2019, February 26, 2019, March 5, 2019, April 2, 2019, and (scheduled) April 22, 2019.

Goals and Charges:

- This committee shall give advice on priorities, policies, and matters related to learning and teaching with technology, including distance education.
- Tasks include developing a vision for how technology can be used to enhance learning and teaching across disciplines, support efforts for the School of Education to be a learning laboratory for the efficacy of technology for learning and teaching, promote uses of technology to help build relationships with schools, and develop policies for distance education courses.
- Policies for distance education courses should address but are not limited to matters of review and assessment of the quality of distance education courses, course loads, instructors' qualifications, and intellectual property.

Actions and Outcomes:

- **Classroom Technology Audit:** Created audit tool describing basic technology expectations for classrooms and inspected each classroom in the SOE to audit technology (e.g., kind of projectors, video-conference capable, adequate instructions for technology systems, etc.); report of audit findings is in preparation.
- **Solicited, reviewed and awarded LTT 2019-2020 Technology Challenge Grants:** A Call for Proposals for Technology Challenge Grant Proposals was sent to faculty members and AIs in February, 2019. These proposals were due April 1, 2019, and after the committee reviewed the proposals, two awards were made.

- **Solicited, reviewed and awarded LTT 2019-2020 Technology Adoption Incentive Awards:** A request for nominations for the Technology Adoption Incentive was sent to department chairs. Nominations are due April 18 (7 received to date) and awards will be made on April 22.
- **Faculty Technology Showcase:** February 15, 2019. Presentations are available on Kaltura: https://iu.mediaspace.kaltura.com/media/LTT+Faculty+Showcase/1_m84ujmnr
The presentations included:
 - a. Support Collaborative Learning via Nudging Group Awareness Information; Kyunghbin Kwon, IST Dept.
 - b. The Flipped Librarian: Using Open Resources to Maximize Doctoral Learning in Research; Beth Samuelson, LCLE Dept.; Julie Marie Frye and Sarah Hare, IU Libraries
 - c. The Use of Video Representations in Early Social Studies Field Experiences; Alexander Cuenca, C&I Dept.
- **Follow-through** on recommendations for future action from 2017-2018 report:
 - *Record and share links to all events* – achieved by using Kaltura to share Faculty Showcase presentations.
 - *Connect with technology initiatives, resources, and people at UITS* – achieved by identifying and communicating several UITS initiatives to SOE faculty.
 - *Target technology training at the tools and resources in Canvas* – achieved via LTT Challenge Grants and LTT Technology Adoption Incentive Awards

Recommendations for Future Action:

- Find new ways to motivate expanded use of technology in the SOE, for example, by modifying the LTT Technology Challenge Grants program.
- Identify and disseminate information between groups who are implementing new online courses and programs.

We wish to thank to the dean's office for their continued support of the Faculty Technology Showcase as well as the LTT Challenge Grants and the LTT Technology Adoption Incentive Awards.

That is all that we have to report. Please let us know if you require further information.

Erik Jacobson (erdajaco@indiana.edu) & Curt Bonk (cjbonk@indiana.edu), co-Chairs of LTT Committee.
