

Obtaining a valid CPR-Heimlich Maneuver-AED Certification:

See - <http://www.doe.in.gov/licensing/cpr-heimlich-maneuver-aed-certification>

Per Indiana Code 20-28-5-3(c), applicants applying for an initial teaching license must have successfully completed training in:

- Cardiopulmonary resuscitation that includes a test demonstration on a mannequin,
- Removing a foreign body causing an obstruction in an airway, and the Heimlich Maneuver;
- Beginning July 1, 2011, the use of an automated external defibrillator (AED); and
- Hold a valid certification in each of these procedures from either the American Red Cross or the American Heart Association or other providers as approved by the department.

Recent Indiana legislation requires all new applicants for an Indiana teaching license to have successfully completed a CPR-Heimlich Maneuver-AED course through either the Red Cross or American Heart Association. Contact a local Red Cross Chapter (in Bloomington that is 812-332-7292) or go to: <http://redcrossonlinetraining.org> Red Cross CPR certification is valid for one year and must be valid when applying for the license. Information about American Heart Association can be obtained at: <http://www.americanheart.org>. Note that the INDOE website also lists providers.
