Career Connections Online Mock Interview Assignment
This online interview is designed to help you get comfortable with the video-recorded interview.

*These are all pre-recorded questions that we didn’t have a hand in making. They are as close to Teaching as we can make it, but please answer them with Teaching and Education in mind.

Step 1: Access Career Connections Online and record an Online Mock Interview (45 points) NOTE: You will need to use a Computer with a Webcam for this assignment
