Program Summary					
Program Component	Number of Hours Required	Hours in My Program			
First Major	36				
Second Major	36				
Inquiry Core	9-15				
Electives or Minor	6-18				
Dissertation	15				
TOTAL	90				

FIRST MAJOR

MINIMUM: 36 HOURS. A major consisting of no fewer than 36 credit hours is required. Courses from related areas of study may be included if their relevance to the major can be demonstrated and with committee approval. Six hours of inquiry coursework in the major are required and are counted toward the 36 credit hour total. List Early Inquiry and Linkage courses in appropriate sections; do not double list.

*Course#	Course Title	School	Semester/Year	Credits	Grade	IU Equiv.	
Early Inqui	Early Inquiry Experience and Inquiry Linkage courses in the major:						

* When listing courses to be transferred from other universities, please list the actual course number and title.

INQUIRY COURSES IN MAJOR

One of the major area inquiry courses must be an **early inquiry experience**, wherein a student carries out an actual research project. *This research project is to be prior to the dissertation and not directly affiliated with the dissertation research*. The early inquiry experience may be implemented through an independent study course (e.g., 590) or through a departmental research seminar. Each student must carry out an independent research project. The research report resulting from this project must be read and approved by the student's advisory committee. A form for this purpose is signed by the committee at the time of nomination to candidacy.

The second major area inquiry course is an inquiry linkage course. In this course research relevant to the major field of specialization is studied. Such study is to focus on the design and methodology of research in the major area rather than on the findings of the research. Analyzing and critiquing the research methodology are paramount to this experience

SECOND MAJOR

MINIMUM: 36 HOURS. A major consisting of no fewer than 36 credit hours is required. Courses from related areas of study may be included if their relevance to the major can be demonstrated and with committee approval. Six hours of inquiry coursework in the major are required and are counted toward the 36 credit hour total. List Early Inquiry and Linkage courses in appropriate sections; do not double list. If the second major is outside of the School of Education, this information is only for review purposes.

Such study is to focus on the design and methodology of research in the major area rather than on the findings of the research. Analyzing and critiquing the research methodology are paramount to this experience

INQUIRY CORE

MINIMUM VARIES BY PROGRAM. Inquiry core courses ought, generally, to precede inquiry courses taken in the major. Inquiry courses taken in the major or minor may NOT be double-counted in the inquiry core. All courses must be selected from the approved list of Inquiry Core courses. Any deviations, including transferred courses, must be approved by the appropriate Inquiry Methodology faculty member via the Requirement Waiver/Substitution form.

* When listing courses to be transferred from other universities, please list the actual course number and title.

ELECTIVES OR MINOR

MINIMUM 6 HOURS. The minimum of 6 elective credit hours is intended to ensure that students have flexibility in their programs, and to restrict academic programs from stipulating all of the minimum 90 credit hours of the doctoral program. It is expected that most students will have more than six elective credit hours. Elective courses must be relevant to the student's program of studies.

DISSERTATION

MINIMUM 15 HOURS. Twelve hours of 799: Doctoral Dissertation is required. In addition, three hours of dissertation proposal preparation (795) must be taken. The prospective director of the dissertation should play an active role in the supervision of dissertation proposal writing. These hours can be taken over multiple semesters as needed to maintain active student status.

Residency

A total of 60 credit hours (including dissertation credits) must be taken at IUB or IUPUI. Ph.D. students must have two consecutive semesters in which 9 hours of program course work (excluding 799) are completed each semester.
