# Degree Checklist for the Ph.D.

This checklist highlights the milestones and essential program deadlines applicable to all School of Education students pursuing a Doctor of Philosophy degree (Ph.D.). For more information, please see the School of Education Graduate Bulletin, or contact the Graduate Studies Office.

## Timeline

<table>
<thead>
<tr>
<th>Task</th>
<th>Description</th>
</tr>
</thead>
</table>
| **Advising** | Specific information about program requirements:  
- Assigned advisor, Program Head, or Department Chair  
- School of Education Graduate Bulletin and University Graduate School Bulletin  
Additional resources may include a departmental handbook or program requirements worksheet |
| **Establish a Program Advisory Committee and Submit Plan of Studies (3 members required)** | The Plan of Studies (ePOS) is a planning tool for students and advisors. It outlines coursework the student will use to fulfill degree requirements and establishes the Advisory Committee. The student and the advisory committee chair (program advisor) are responsible for planning and creating the ePOS. The advisory committee chair and one other faculty member must be from the major. One member must be from the minor. The ePOS is due within one year of admission.  
Electronic Plan of Studies: [https://info.educ.indiana.edu/EPOS/frm/Default](https://info.educ.indiana.edu/EPOS/frm/Default) |
| **Transfer Credits** | Some graduate coursework completed at other universities may be transferred into degree programs. All coursework transferred must be from an accredited college or university, and no transfer credit is given for courses with a grade lower than a B. Transferred courses must be relevant to the student’s program of studies and approved by the advisor. If transfer coursework appears on the ePOS in an area other than electives or the major, additional approvals may be needed. The Transfer of Graduate Credit form should be sent to the department the same time as submitting the ePOS, and transfer courses should be listed on the ePOS as they appear on the transcript from the originating institution.  
Transfer of Graduate Credit: [https://education.indiana.edu/students/graduates/doctrad/index.html](https://education.indiana.edu/students/graduates/doctrad/index.html) |
| **Individualized Minor** | In some instances, individualized minors (credit hours in two or more programs) or minors not specifically listed in the bulletin may be approved by the dean upon recommendation of the student’s advisory committee. The Ph.D. Request for Individualized Minor eDoc should be submitted at the same time as submitting the ePOS. List the Minor as “Individualized: your minor name” on the ePOS.  
Ph.D. Request for Individualized Minor eDoc: [https://one.iu.edu/collection/iub/university-graduate-school](https://one.iu.edu/collection/iub/university-graduate-school) |
| **Substitution or Waiver of Program Requirements** | Course substitutions or requests to waive program requirements are indicated on the ePOS. If the substitution or waiver is regarding coursework in a non-School of Education minor, then the Ph.D. Substitution or Wavier eDoc must be submitted the same time as submitting the ePOS.  
Ph.D. Substitution or Wavier eDoc: [https://one.iu.edu/collection/iub/university-graduate-school](https://one.iu.edu/collection/iub/university-graduate-school) |
| **Inquiry Core Exception** | Any course to be counted toward the Inquiry Core requirement which does not appear on the list of approved Inquiry Core courses must be vetted and approved by an Inquiry Methodology faculty member. Transfer courses used to meet the required courses in the Inquiry Core Requirement must also be approved on this form. The Inquiry Core Exception form should be submitted to the department at the same time as submitting the ePOS.  
Inquiry Core Exception Form: [https://education.indiana.edu/students/graduates/doctrad/index.html](https://education.indiana.edu/students/graduates/doctrad/index.html) |
### Complete Residency Requirement
Two full-time, consecutive semesters in a single academic year (exclusive of summer session) must be spent in residence (enrolled in on-campus courses). Ph.D. students who are working full time or students with academic appointments may request a waiver to fulfill residency requirements with three consecutive six credit hour terms. Dissertation credit hours (795, 799 or G901) may not be used to fulfill residency.

### Maintain Active Student Status
Before the completion of the qualifying exam: Students who do not enroll in classes for two years will be discontinued and must apply for re-admission to the program. They must then meet (new) current admission criteria, and if re-admitted, must fulfill (new) current program requirements.

### Early Inquiry Experience
An early inquiry experience is required before admission to Candidacy. Individual departments determine what types of research count for the early inquiry project and how it is to be completed (though designated coursework, departmental research seminar, independent study course, etc.). The student conducts a research project during the early inquiry experience, including the collection and analysis of data to answer a research question, and the writing of a research manuscript. This research is to be before the dissertation and not a direct part of the dissertation research. Each student must conduct an independent research project. The research manuscript that results from this study must be read and approved by the student’s advisory committee.

**Early Inquiry Experience Approval Form** - [https://education.indiana.edu/students/graduates/doctoral/index.html](https://education.indiana.edu/students/graduates/doctoral/index.html)

### Qualifying Examinations
Qualifying Exams are completed after finishing most coursework in the major and minor subjects. An examination in the major is required. A minor examination may or may not be required based on minor program requirements. The examinations are usually given early in each semester, and occasionally in the summer term—check with department for exact dates and follow departmental procedure for applying to take qualifying exams. The qualifying examination is usually composed of two parts: written and oral. After the final part of the exam, the Advisory Committee chair reports the passing date to the department and Graduate Studies before the Nomination to Candidacy.

### Revalidate Credits
*(Not all doctoral students will need to revalidate courses.)*
All graduate-level coursework over seven years old must be revalidated (counting back from the date of passing the final part of the qualifying examination). Instructions and methods of revalidation are listed on the forms. Courses needing revalidation must be approved before the Nomination to Candidacy can be submitted.

**Ph.D. Request for Revalidation of Coursework eDoc** - [https://one.iu.edu/collection/iub/university-graduate-school](https://one.iu.edu/collection/iub/university-graduate-school)

### Plan of Study Amendments
*(Not all doctoral students will need to amend their POS.)*
Any changes to an approved Plan of Study must be processed before the Nomination to Candidacy can be submitted.

**ePOS Procedure:**
If an ePOS was submitted, changes can be made by logging in to the approved ePOS, making the necessary changes, and resubmitting the document for committee approval. If the amendments involve required coursework specified in the bulletin, a note may need to be made regarding a substitution or waiver as well.

**Paper POS Procedure:**
If a paper POS was submitted, then changes must be made by submitting a Plan of Studies Amendment Form. If the amendments involve required coursework specified in the bulletin, a Requirement Waiver/Substitution form must also be submitted.

**Plan of Studies Amendment Form:** Contact gsorecdr@indiana.edu.

<tr>
<th>Task</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Maintain Active Student Status</td>
<td>After passing the final part of the qualifying examination, students must enroll in at least one credit hour per semester of 795, 799 or *G901 to maintain active student status until the degree is granted. Students do not need to register for this dissertation credit during the summer UNLESS the student plans to graduate (have the degree awarded) in the summer. Students who do not register each semester must back-enroll for all semesters missed to graduate. There is a fee per semester (plus tuition) for back-enrollment. *Enrollment in G901 is granted by special permission and has several requirements. See the G901 Permission Request form on the Student Portal for more information: <a href="https://education.indiana.edu/students/graduates/doctoral/g901-permission.html">https://education.indiana.edu/students/graduates/doctoral/g901-permission.html</a></td>
</tr>
<tr>
<td>Nomination to Candidacy</td>
<td>A Nomination to Candidacy eDoc is submitted when the final portion of the examination is passed, and the student is judged to have met all criteria for candidacy. The date of passing the final part of the examination is a critical date. Courses completed more than seven years before this date must be revalidated, and the seven years allowed for dissertation work are counted forward from this date. Admission to candidacy is awarded after the student has been nominated to candidacy and after all required coursework has been completed (except 795, 799, and G901). All incompletes must be resolved, and the Graduate School must approve coursework requiring revalidation before a student is admitted to candidacy. Ph.D. Nomination to Candidacy eDoc: <a href="https://one.iu.edu/collection/iub/university-graduate-school">https://one.iu.edu/collection/iub/university-graduate-school</a></td>

Application to Graduate (degree conferral) and Commencement Participation (graduation ceremony)
The University Graduate School confers the Ph.D. degree. Submission of the dissertation defense announcement to the University Graduate School constitutes an application for conferral of the Ph.D. degree and no further action is needed. However, if earning additional School of Education degrees or certificates concurrently, separate graduation applications are required at the same time or before the Ph.D. is awarded. See the applicable degree Graduation Checklists in the School of Education Graduate Student Portal for more information about graduating with concurrent degrees.

Students wishing to take part in the Commencement Ceremony must apply before the deadline to be listed in the program handout. The Graduate Studies Office will send out an e-mail and post these specific dates each semester. Applications must be submitted by the dates listed below; however, dates are subject to change year to year.

- Students who will have their degree awarded between September 1 and December 31 are eligible for December Commencement and must submit the Commencement Participation Application by **September 25th**.
- Students who will have their degree awarded between January 1 and August 31 are eligible for May Commencement and must submit the Commencement Participation Application by **February 25th**.

Note: The deadlines are only for inclusion in the commencement program handed out to guests. If your name does not appear in the program, you can still walk in the ceremony and be hooded by your advisor.

Commencement Participation Application: [https://one.iu.edu/collection/iub/university-graduate-school](https://one.iu.edu/collection/iub/university-graduate-school)

The School of Education also holds a Convocation ceremony and does not require an application, but an RSVP is appreciated.

Commencement Participation Application: [https://one.iu.edu/collection/iub/university-graduate-school](https://one.iu.edu/collection/iub/university-graduate-school)

Announcement of Dissertation Defense
This document should be submitted at least 40 days before the date of the defense. The eDoc must be approved by the Graduate School no less than 30 days before the defense.

Ph.D. Defense Announcement: [https://one.iu.edu/collection/iub/university-graduate-school](https://one.iu.edu/collection/iub/university-graduate-school)

Dissertation Defense
An oral defense meeting, open to the public, is required. The defense cannot be scheduled less than six months after the date of Research Committee approval. To give committee members sufficient time to read and critique the work, students should provide them with a complete copy of the dissertation at least two weeks before your defense. Some faculty may require more time to read, depending on dissertation length and timing, so students should check with the committee members. The Research Committee Chair will receive an electronic form to submit thesis grade changes at the time of the dissertation defense. All members of the Research Committee are expected to attend the defense either in-person or remotely.

Submit Dissertation
For submission instructions, see [University Graduate School Doctoral Submission Instructions](https://graduate.indiana.edu/thesis-dissertation/submission/doctoral.html)

Important Dissertation Time Limits

- The final portion of the qualifying examination must be passed a minimum of 8 months before the oral dissertation defense.
- Coursework will be counted back seven years from qualifying exam completion. Any coursework seven years before this date must be revalidated.
- The Research Committee must be appointed a minimum of 6 months before the oral dissertation defense.
- The complete dissertation must be submitted within seven years of the date of passing the final portion of the qualifying examination.

For a more detailed listing of degree program requirements, see the Education Graduate Bulletin at [http://www.indiana.edu/~bulletin/iub/](http://www.indiana.edu/~bulletin/iub/) or contact the School of Education Office of Graduate Studies Recorders at gsorecdr@indiana.edu
