GRADUATE SECONDARY COMMUNITY OF TEACHERS

The Community of Teachers (CoT) program is an alternative teacher licensure program for teacher candidates of any middle school/junior high/high school subject area. This is generally a two-year program. CoT prepares teachers who value the empowerment of individuals, the personalization of learning settings, and learning experiences based in the real world of schools and communities. CoT acts on these values by providing its teacher candidates with extended practicum experiences during their preparation. Completion of the program entails coursework, an established mentorship, and portfolio expectations. In this unique program, students demonstrate, whenever possible, their actual performance as teachers in school settings.
